Week 28/2010

Get ready Its only 22 days to season!!

Thank you:

Doug Watson has resigned from the EXCO effective the 1st July 2010 to allow for more time to focus on his own business.

Doug has done a fantastic job on the development and maintenance of the SANA property which has raised the overall standard there. He took over the challenging portfolio of Education and Training and has helped move this portfolio forward.

We are grateful that he will still be assisting with Education and Training until a suitable replacement can be found.

Thanks to Doug for the time and passion he gave to SANA in helping grow our industry.
